SEIU Local 2007 President's Message

Good afternoon Union Sisters and Brothers,
I hope all is well with you and your families, and I wish you all good health.

The Executive Board wants to inform you of a recent purchase we made for communications to you all. We have a Texting service we will be rolling out this month in order to be able to stay in touch with you all, it is called the Union Reach Mobile App. We have most of your cell phone #'s and we will be sending you an announcement once a month to get closer to you all. It's very important for us to make sure we are communicating with you and you are getting our communications especially in the new world we live in. Please stay tuned and know this is a fluid process, we may experience some hiccups and not saying we will, but if we do all we ask is for a little patience as we start this.

Santa Clara University, we want to recognize that we are having our LMC meeting on March 30, 2022 at 10:00 am - 11:30 am. The Agenda items will include where we stand in regards to our ask for the Monetary Enhancement Program, the development of SCU Apprenticeship program and COVID relief banks. Stewards of Santa Clara, we also have the Steward Council on March 16, 2022 at 5:00 pm.

Stanford University, for one, we have been fielding a lot of the questions that are coming from the missing \$125.00 stipend per paycheck and \$250.00 per month, due to some clerical errors. If you are one of the work-

ers who find themselves not receiving this money, please let us know, as soon as possible, so we can help fix the issue. And, if you want to, please contact your HR business partner in your department right away so they can start the investigation as to why you have not been receiving it; then, please contact our office so we can help track your situation and make sure we get what is owed to you. Remember, you qualify if you are a Bargaining Unit (Union Worker) who has had to come to work to do your job since the beginning of COVID and are who we call, our Front Line Workers!

As well, you must not forget to check your March 22, 2022 check stub for the 3% hourly increase we negotiated for you. This is also very important to track, as soon as possible, this way you get what is owed to you immediately, and if you find yourself not receiving the money, please let us know, as soon as possible, so we can help with that too. We will be keeping the lines open in our Union office so please call anytime, or write to Me, Elf, or any of the Officers on this email, or come to the office on Monday, Wednesday, and Friday. We are waiting to help you with any/all concerns you may have.

As you may be aware now, we do have Quarantine pay available to cover any/all time that was used from your

personal time banks as of January 1st 2022. Please reach out to the Union Hall so we can help you if you think your department may owe you personal time because they have made you use your PTO, sick time, Floating Holidays, and/or your vacation time to cover any quarantine time the employer asked you to use to cover missed time due to COVID-19. This is highly important, because we have found that there were over 200 workers in R&DE alone that were reimbursed.

I want to thank David Perkins (Your Vice President of Local 2007) for his effort in this. If it wasn't for the workers who

came to him and asked the questions, we would never have known, and all of these Union Sisters and Brothers of ours would be short in accrual hours, and in effect that would have ultimately hurt them and their families.

An Injustice to One is an Injustice to All!

Si Se Puede and In Solidarity,

Paul Regalado

SEIU HEW Local 2007
